I came here 1 year ago with so many problems with my teeth, the upper teeth had to be removed. I was fitted with 8 implants to support my new teeth. They look and feel so fantastic I am able to chew properly once again. Dr Zoltan is a brilliant professional who has made my life bearable again right from the very start of my treatment I had little or no pain, all the staff Amy, Timi and Sylvia are brilliant people who care about you as the patient they are fantastic!! Thank you so very much for all you have done for me over the past year you have given me not only fabulous teeth but also a brilliant experience at the dentist. I will have no hesitation in recommending this clinic to my family, friends and work colleagues.
