

Prime Dental Clinic

Stunning Smile, Beautiful Teeth

www.primedentalbudapest.co.uk

Amy & Dr. Zoltan Buzogany

Wanted to write you a note to tell you how much we appreciate you for all your help & support to change my life & my smile. It makes me more confident to know I have a smile I can be proud of, but also must say in all my years of travel & dealing with people your level of kindness & info would make any business proud. In fact my husband who has owned seven companies has been very impressed as well.

Thank you for setting us up in such a great place to stay, the phone to use & all the recommendations for things to do.

I must say that my smile looks great & for the first time getting dental work was not unbearably painful or made me feel like I was horrible at taking care of my teeth. I will be back in the future for additional work when needed along with my family.
